

2004 Gold Rush Days

Once again in 2004, CC&V volunteers contributed to another successful Gold Rush Days in Victor. Sponsored by the Chamber of Commerce, Gold Rush Days is Victor's annual summer celebration. This year featured the traditional activities, vendors, food, and Sunday parade.

CC&V again sponsored the Mining Games at Gold Rush Days. The Mining Games feature tradition mining skills of hand mucking, jack leg drilling and hand steel drilling. Hand mucking has expanded to include women's teams, an event that is growing each year. CC&V volunteers assisted with set up, registration, timing and awarding prizes.

For the second year, the Colorado Bowhunters Association provided target shooting for kids of all ages. The Bowhunters began participating in Gold Rush Days as thanks for the use of CC&V property for their July Targeting Habitat 3-D Archery & Sporting Clay competition. Their demonstration was, as always, very popular and provided a free activity for families.

Congratulations to all who made Gold Rush Days happen again this year.
