

## **Summer for the Volunteers**

It has been another busy summer for CC&V volunteers. These dedicated folks are rewarded with paid time off for the time they spend working in the area. Our volunteers have a wide range of interests and show their dedication to our community.

Ryan Lohmeier, Stan Beck and Keith Beck put in many hours for the volunteer fire departments. Ryan is with the Timberline Firefighters in Cripple Creek, and Stan and Keith are working with the Southern Park County Fire District. The assistance of all volunteer fire fighters is invaluable to the rural areas of the counties.

Volunteers also make area events happen. Cindy Perez and Jerry Denton helped cook at the Gold Rush Days Pancake Breakfast. Several others assisted with other aspects of Gold Rush Days and Donkey Derby Days in Cripple Creek.

Marc Dettenreider chose to spend his summer evenings at the Teller County Planning Commission meetings. Marc is the newest member of the Planning Commission and jumping into the County land use regulation process with both feet. This is a taxing job requiring extensive preparation for the hearings. When he's not busy with the Planning Commission, Marc and his wife have adopted a portion of Twin Rocks Road for Adopt-A-Highway trash clean up.

Renee Sanchez and Rebecca Donnelly helped out with the Victor fishing tournament and Bison Reservoir clean-up. Clinton Shaeffer gave very generously of his time to assist the Woodland Park Clothes Closet, a service of the Community Partnership of Teller County.

Thanks to the summer volunteers, your hard work is greatly appreciated by CC&V and the Community.
